Welcome to
County Monaghan

At the heart of the modern border between North and South, there is a place that stands apart, a place that has been a borderland for millennia - County Monaghan.

Less explored than other parts of Ireland, County Monaghan has held its secrets quietly through the ages. From graveyard demons to the talking dead, from forest giants to giants of literature, from religious sites to UFO landing sites, there is much to be revealed. The County Monaghan tour guides will show it all to you.

About us: The County Monaghan Tour Guides are a pool of Fáilte Ireland accredited tour guides based across the county. Contact the guide for the area you wish to visit and be prepared for a tour like no other!
